Re: Enbridge Northern Gateway Pipeline Project ("Northern Gateway")  
Certificates OC-060 and OC-061  
Request for an Extension of the Sunset Clause

Dear Ms. Young:

We write to you as a coalition of hereditary leaders residing in Old Massett, Haida Gwaii. We are incorporated as the Hereditary Chiefs of North Haida Gwaii LLP. We wish to apprise you of our position relating to Northern Gateway's submission requesting an extension of the Sunset Clause ("Extension"). We support Northern Gateway's requested Extension for the following reasons:

- It is in Canada, Alberta and British Columbia's collective best interest;
- We require more time to engage with Northern Gateway, in light of significant engagement progress made over the course of the past year;
- Not granting the Extension would place in jeopardy the substantive engagement progress made in Coastal British Columbia over the course of the past year.

We respectfully urge the NEB to show deference to our request and demonstrate flexibility by providing Northern Gateway with its requested Extension.

Sincerely,

  
Elvis Davis

  
Carmen Goertzen
